The image features a large, stylized '1099-ETC' in a dark red, serif font with a white outline, positioned over a background of a 1099 form. The form is partially visible, showing fields for 'Wages, tips, other income', 'Social security wages', 'Medicare wage and tips', 'Social security tips', 'Advance EIC payment', 'Nonqualified plans', 'Statutory Retirement', '3rd sick', 'Other', 'State wages, tips', and 'State Employer state ID number'. The 'AMS' logo is prominently displayed in the bottom right corner, with 'ADVANCED MICRO SOLUTIONS' written in a smaller, sans-serif font below it. The overall design is professional and clearly communicates the software's purpose for filing 1099 forms.

W-2/1099 Forms Filer is designed to be installed on a desktop or laptop computer and can also be installed on multiple desktop systems or onto a network, if desired. Each application is sold separately, though users will need to purchase the W-2/1099 Forms Filer module in order to utilize the other modules offered. W-2/1099 Forms Filer supports up to 1,999 payers or employers.

W-2/1099 Forms Filer supports all common year-end forms including W-2, W-2C, W-3, all 1099 forms, 1096, 1098, 5498, and 1042S and also supports Puerto Rico forms including PRR-3, PRW-2, PRW – 2C, and others. W-2/1099 Forms Filer will support up to 1,999 separate payers, and up to 99,999 employees per payer, making it a good choice for firms that process a high number of client year-end forms. The user interface is designed to mirror the form being processed, so users can process forms quickly. Users can also import data from a variety of applications including QuickBooks and Microsoft Excel as well as from form print files, Comma Delimited, Tab Delimited Text files, Federal 1099 MAG File and Federal W-2 MAG File. W-2/1099 Forms Filer also creates a Social Security number verification file that will verify employee Social Security numbers with SSA.

W-2/1099 Forms Filer is designed to print using pre-printed forms, though AMS does offer an add-on module that allows users to print forms using blank paper. Conveniently, users can also create PDF's of all forms and email the PDF to clients for easy distribution, if desired. Users will need to purchase the optional E-Filer module to electronically file all year-end compliance forms with the appropriate agency.

W-2/1099 Forms Filer is the core product from AMS, with users required to use the product in order to access any of the other applications from AMS, which include Software Generated Forms, Advanced Micro Solutions Payroll, E-Filer, and Forms Filer Plus. W-2/1099 Forms Filer can also be used as a stand-alone year-end compliance application as well.
