retail management solution that adapts to the many unique ways retailers do business. From fast and easy-to-use point-of-sale checkout and accurate inventory control to automated purchasing, customer tracking, and flexible reporting, CounterPoint SQL has all the capabilities retailers need to run their businesses more efficiently, effectively and profitably. CounterPoint SQL is a perfect fit for a single store with one register to multi-store chains in different cities and states. CounterPoint SQL integrates with the most popular accounting software packages, including Microsoft Great Plains and Small Business Manager, BusinessWorks Gold, QuickBooks, and others. Synchronics, founded in 1980, offers CounterPoint SQL through its worldwide network of qualified, local system integrators.

CPA Practice Advisor is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors.
