PTMS automates real and personal property tax management tasks including: filings, payments, tax apportionment for billback, tax estimates and accruals, value calculations, and appeals. Returns, tables, rates, and other tax information is provided.

PTMS is the ONLY property tax software:

- Developed using cutting-edge Microsoft® technology to provide seamless integration with Microsoft products such as Excel®
- Built for both internal and Web-based deployments to provide customers with current and future flexibility
- Used by more corporations than all other third-party property tax software systems combined

CPA Practice Advisor is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors.
