Mar. 23, 2010

The screenshot displays the dropfolder.net web interface. At the top, the logo reads "dropfolder.net" in a stylized blue font, with "SECURE FILE TRANSFER" in white text below it. The main interface is divided into two primary windows. The left window, titled "ABC Company - Practice Management by Office Tools", shows a sidebar with a list of contacts and a central pane displaying a table of files. The table has columns for "File Name" and "Year". The right window, titled "Carlin and Burroughs Accountants", shows a "Download Files" section with a list of files including "2004 Audit Review.pdf", "2006 1120 Form.pdf", and "Copy of Document Selector.xls". Below this is an "Upload Files" button and a "Logout" button. A large PDF icon is prominently displayed in the center of the right window, with a message indicating the file "2004 Audit Review.pdf" was uploaded on April 23, 2010. At the bottom of the interface, there are three icons with text: a padlock icon for "Secured", a shield icon for "Compliant", and a clock icon for "Save Time".

Now you can extend the power of Office Tools Professional to your customers. You can transfer documents to and from your clients securely, reliably, and quickly. No more emailing "Confidential Information" through the internet.
