Summary & Pricing

APS OnLine is primarily designed for the small to mid-size business market with 100 or more employees, but small businesses may realize benefits, as well. The service offers a core set of payroll and HR functions and has an easy-to-use employee web portal. Pricing for APS OnLine is dependent on the number of employees, associated payroll runs and additional services that may be needed. However, a 250-employee business requiring a bi-weekly payroll will generally be priced between \$1 and \$3 per employee, depending on required features, such as time & attendance and HR.
