## SUMMARY & PRICING

SurePayroll is a good fit for businesses that have basic payroll needs and desire a more paperless solution. It is also a good fit for accounting professionals looking for a resale opportunity. Billing for accounting professionals can be sent directly to the accounting professional or to the client with a built-in markup. Pricing for services is based upon the number of payroll runs and employees, and includes all payroll processing, direct deposits and associated reporting requirements. A bi-weekly or semi-monthly payroll starts at a base fee of \$30.95 plus \$1.85 for each employee. These costs will be incurred for each payroll run. Annual W-2 processing costs are currently \$40 per company plus \$4.25 per employee.
