BQE Software Inc., a world leader in time tracking, billing and project management software for professional services firms, announced today the immediate availability of **BQE BillQuick 2012**. The new and improved features in BillQuick 2012 promote faster business decisions, increase project performance and streamline the billing process.

In CPA Practice Advisor's 2011 review of time & billing systems, **BillQuick received a 5 Star rating**.

"One of the reasons why BillQuick has become such an indispensable tool among professional services firms is because BQE listens to its user community," said Shafat Qazi, CEO and Founder of BQE Software. "We balance customer feedback with our own in-depth understanding of the domain to provide unique features that make it easier to win new business, make educated decisions and eliminate friction in their management processes."

Based on the popularity of the Report Center, BillQuick 2012 features two new centers.

Project Center: Centralize everything you need to manage a project. Find out which projects are running at a loss, have burned through the budget or have overspent their contract. Not only can you easily monitor the condition of your projects, you can control them so they are headed in a profitable direction.

Collection Center: Aggregate all collection efforts in one place to manage the collections process with greater efficiency. On a single screen, see invoices, payment history, key historical statistics and collection related notes.

In all, more than 480 features and enhancements were directly requested by the
