collaborating in the Cloud.

“Together in the Cloud’ was a real labor of love for me,” says Chandler. “I see the disconnects that business owners and Accounting Professionals have on understanding how the Cloud will work for them. The advancements that this industry has made in the last several years are astounding, and I really believe educating is the first step to success in the Cloud.”

Chandler is widely recognized as a thoughtleader in the space, and has been honored as a member of *CPA Practice Advisor’s* “40 Under 40” in 2007, 2008 and 2010. He is a leading national advocate of modern accounting methods that include universal internet service with remote access via Cloud computing technologies.

Chandler is the President and CEO of [Cloud9 Real Time](#) an Accredited Managed Service Provider and Intuit Licensed Commercial Host in the United States as well as Canada. Cloud9 Real Time builds advanced hosting solutions giving Anytime, Anywhere access to your applications, data and files in one central location. On the forefront of cloud computing, Cloud9 Real Time offers QuickBooks hosting as well as custom virtual server creation. For more information on *Together in the Cloud* or Robert J.
