executive leadership appointments as part of the company's growth initiative. Michael Weiss was named Vice President of Software Engineering and Christopher Dinkler was named Vice President of Sales.

Taija Sparkman • Jun. 21, 2012

[Transzap, Inc.](#), provider of workflow solutions software, recently announced two new executive leadership appointments as part of the company's growth initiative. Michael Weiss was named Vice President of Software Engineering and Christopher Dinkler was named Vice President of Sales.

Weiss joins Transzap with more than 25 years of experience in the oil and gas software industry. He has served in senior level roles at several energy technology companies, including Halliburton/Landmark Graphics, WellPoint Systems and GeoGraphix. In his new position, Weiss will be in charge of the software engineering team responsible for developing the Oildex product suite.

Dinkler has more than 20 years of experience in oil and gas accounting and software
