*IntelliConnect* without entering their username and password. Once users download the icon to their computer desktop screen, they can begin searching immediately. Simply click on the icon and enter a keyword or citation.

The updated *IntelliConnect* app allows professionals to access publications such as *Tax Tracker News* and *IRS Code and Regulations* and *CCH Mobile* alerts right from their iOS or Android device. The enhanced search capability now includes keyword and citation search options and is available from the mobile app. Users also have the option of saving documents using their mobile device and accessing them on the *IntelliConnect* platform at a later time.

“I’ve had customers tell me they’ve used our mobile app thousands of miles away from their office while overseas,” added Rajski. “With every new download, more subscribers are realizing how the enhanced app is advancing their business by accessing information when and where it’s needed.”

Other *IntelliConnect* enhancements include a federal tax glossary, expanded suggested search option, federal tax practice tools node, the inclusion of treatment codes in federal rulings and the ability to pull information from selected *CCH Expert Treatise Library* titles.

Current *CCH Mobile* users will be prompted to download the updated version on their iPhone, iPad or Android device. In addition to the enhanced app, subscribers can also download the *CCH Tax News Highlights App* for free for their iPhone, iPad and Android device.

CPA Practice Advisor is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors.
