no hardware to maintain.

SAFE CLOUD is the ideal electronic document management system for organizations with a need for efficient, paperless document management, but without a robust IT staff. You control the system, without the hassle of a traditional, in-house system.

SAFE CLOUD document management clients have telephone and email access to Cabinet technical support, ongoing web-based training, daily data backups and automatic software upgrades, all at no additional charge.

All transmission to and from the SAFE CLOUD server are encrypted, and via a secure VPN connection. Documents stored in SAFE CLOUD are 100 percent your property
