to focus on their core competency.”

Braintree's offers PCI compliant payment processing through its encryption and vault features. Merchants are able to receive payments and store payment information without directly handling customers' sensitive credit card data. Professionals can also provide their customers with single-click checkout options. Braintree's payment processing features are valuable for FreshBooks customers that work in a variety of professions, including law, marketing, IT, architecture, interior decorating and home services.

“FreshBooks starts everything from the customer's point of view, which led to the decision to integrate with Braintree,” said Mike McDermont, co-founder and CEO of FreshBooks. “Through the Braintree partnership, FreshBooks now offers an expanded portfolio of secure, proven cloud accounting capabilities to small business owners around the globe.”

CPA Practice Advisor is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors.
