FIN and HR in the Cloud

KPMG LLP has announced the formation of a business alliance with Workday aimed at helping clients streamline and strengthen their financial management and human capital management (HCM) processes and operational effectiveness.

Nov. 05, 2012

KPMG LLP has announced the formation of a business alliance with **Workday** aimed at helping clients streamline and strengthen their financial management and human capital management (HCM) processes and operational effectiveness. KPMG is a Big 4 audit, tax and advisory firm; Workday is a provider of enterprise-class software-as-a-service (SaaS) solutions for managing global businesses.

“Most leading companies are working to transform their finance and HCM functions to deliver greater value to the business,” said David Williams, KPMG’s U.S. Workday Alliance leader. “By combining KPMG’s suite of services with Workday’s enterprise cloud applications, we can jointly help finance and human resources departments achieve a more strategic, business-driven approach to accelerate workforce productivity and operational efficiency by providing executives access to the accurate information they need quickly.”

As a leading provider of finance and HCM services, KPMG draws upon the extensive industry knowledge and deep domain experience of its professionals to help clients develop transformative enterprise strategies based on cloud-solution delivery models that position them for competitive advantage by enabling an agile workforce through web-based technologies. Importantly, KPMG will assist clients understand how cloud fits into their current technology environment, how that maps to and enables their overall business strategy.

“KPMG shares Workday’s vision to help large, global organizations transform their
