In addition, CCH Axxess also integrates with *CCH Mobile* solutions and apps to deliver content through *IntelliConnect*. Users can also use apps from approved third-party partners through CCH's *Open Platform*.

CCH Axxess is designed to help firms grow, manage and protect their business by redefining how firms operate, maximizing efficiency and providing support 24/7. The new solution helps professionals provide a new level of service by enhancing communication between professional and client and better supporting collaboration. The solution also seamlessly integrates using a centralized database, eliminating the need for manual data entry. Professionals can also use CCH Axxess to access up-to-date information regarding changing tax laws and regulations.

“Now is the time for firms to move ahead,” said Teresa Mackintosh, CCH Software Executive Vice President and General Manager. “CCH Axxess is the only modern, expandable CPA solution built from the ground up with a core database that unifies the accounting firm's practice. With integrated modules in a single solution with a single database, customers leveraging CCH Axxess will save thousands of hours of time on routine tasks, enabling them to offer new services and value to clients.”

CCH Axxess modules include CCH Axxess Tax, CCH Axxess Document, CCH Axxess Portal, CCH Axxess Practice and CCH Axxess Workstream. Features of the new modules include:

- CCH Axxess Tax streamlines the digital tax process by supporting thousands of automatically calculated forms and schedules for federal, state, county and city entities; robust diagnostics; and a state-of-the-art electronic filing system.
- CCH Axxess Document is a document management solution that helps professionals electronically organize and store client source documents.
- CCH Axxess Portal provides 24/7 collaboration and access client financial documents for both firms and their clients.

- CCH Axcess Practice allows professionals to monitor staff time, produce invoices
