QuickBooks Cloud ProAdvisor Program

Intuit Inc.

Accounting professionals can start and grow their practice in the cloud with the QuickBooks Cloud ProAdvisor Program, a new program that provides access to Intuit's online financial and employee management solutions. The program is available globally and helps accounting professionals reach more small businesses through the Find-a-ProAdvisor directory integrated directly within QuickBooks Online.

The QuickBooks Cloud ProAdvisor Program includes free access to QuickBooks Online Accountant, one-month free of Intuit Online Payroll for Accountants for new payroll customers only and up to five free individual tax returns through Intuit Tax Online.

The QuickBooks Cloud ProAdvisor Program differs from the traditional QuickBooks ProAdvisor Program by only providing access to Intuit's online solutions; no desktop products are included in the QuickBooks Cloud ProAdvisor Program. However, every QuickBooks ProAdvisor receives the benefits of the Cloud program in addition to the desktop benefits included in the traditional program.

With access to Intuit's online solutions, the QuickBooks Cloud ProAdvisor Program also meets the needs of accountants and small business owners who rely on mobile for daily tasks as it allows access to information wherever they are working. Data is safely stored in the cloud so it can be accessed via any internet-connected computer, iPhone, iPad, Android phone or tablet.
