Best Fit:

A good fit for those with high transaction volume bookkeeping operations who require inventory support. Designed for small to mid-sized businesses, particularly small retailers and contractors who require industry-specific features.

Strengths:

- Strong POS capabilities
- Multi-user version supports unlimited users at a site for \$799
- Support for import from Peachtree & QuickBooks
- Scalable product to meet wide range of end users.
- Solid sales order, purchase order and inventory modules.

Potential Limitations:

- Inventory valuation supports Average Cost only
- Limited stock reports require most users to use the TAX Premier 7i development system (which accesses the data natively) or any ODBC capable report writer
