Track1099, which makes online wage reporting and delivery systems, has introduced TrackW9, the first online Form W-9 management tool designed for tax professional teams. As part of the move to paper-free, collaborative back offices, TrackW9 helps streamline the processes involved in collecting accurate and IRS-compliant vendor information.

Responding to customer requests, TrackW9 gives companies the power to request W-

Track1099 is a great example of where we were able to plug in a tool to greatly reduce the time our team takes to deliver on IRS-related solutions.”

The TrackW9 dashboard shows complete W-9 statuses, enabling streamlined management of a company's vendor information. Companies may transfer PDF or CSV records into their accounting software.

Vendors receive a secure, personalized email requesting that they fill out an online W-9 on the TrackW9 website, including a touch e-signature.

TrackW9 is free through February 2015, offering easy integration with Track1099's online 1099-MISC e-filing service.
