Armanino LLP, the largest independent accounting and business consulting firm based in California with revenues of \$155 million, announced today an agreement with **RBZ LLP**, a \$40 million firm, to join together effective August 1, 2015.

The deal combines two leading firms and expands Armanino's presence into the Greater Los Angeles area, making it the first regional firm of its size to have locations in the key metropolitan areas throughout California. With statewide reach, Armanino is now poised to be the go-to accounting and business consulting firm in California. After a decade of double-digit revenue growth and expanded services nationally, the firm has positioned itself as a dominant industry player.

"Armanino is one of the most admired, respected and feared firms in the country and this move has established it as California's premier firm," said Allan D. Koltin, industry analyst and CEO of the Koltin Consulting Group. "The firm adds value to clients through its consulting and advisory practice at a time when most only have a compliance practice, giving it a significant competitive advantage."
