achieve a higher level of efficiency and control for their practices. The sync's seamless, bidirectional workflow for both accounts payable and accounts receivable ...

Sep. 28, 2015

Bill.com has announced the release of its QuickBooks Online Sync 2.0. [Bill.com](#) makes online business payment and receivables management systems.

With the QuickBooks Online Sync 2.0 from Bill.com, accounting professionals can achieve a higher level of efficiency and control for their practices. The sync's seamless, bidirectional workflow for both accounts payable and accounts receivable eliminates double data entry, ensures data integrity and provides an accurate, up-to-date forecasting of cash flow.

As a result, accountants can forgo time-consuming administrative tasks in favor of revenue-producing, strategic activities such as growing client bases and offering new services.

“Increasingly, efficiency provides competitive and profitable advantages for
