- **Intacct** – secure, cloud collaboration that helps CPAs (and non-CPA audit teams) perform dramatically more efficient audits, reviews, and compilations.
- **Validis** – provides a data transmission software solution allowing CPAs to connect directly to mid-tier accounting packages and transmit data directly from its source.
- **Expensify** – offers expense management solutions that integrate with leading ERP and accounting applications.
- **Scanco** – meets the needs of thousands of distribution and manufacturing operations with an extensive line of warehouse management solutions designed to integrate with ERP solutions.
- **Tegrit** – provides pension administration and Intacct cloud accounting software solutions, as well as consulting services in the areas of application development, quality management, talent management and project management.

“I’m excited to announce these 10 new member firms, each of whom will add their knowledge and experience to the ITA’s already rich pool of accounting and technology expertise,” said Stan Mork, ITA President. “We continue to attract members who recognize the ITA as a premier networking organization, while valuing our enduring relevance in the accounting and consulting technology sector.”

These new member firms will be introduced to the ITA membership at the opening session of the ITA Spring Collaborative, April 17-19, 2016, at the Royal Sonesta Galleria in Houston. Approximately 250 ITA members are expected to participate in this event and continue to deliver on ITA’s value proposition that “Knowledge increases in value when shared.”
