“We firmly believe that BMSS supports our mission in each area of how our firm operates as well as the culture that we have created for our employees. We know that by joining our two firms, we will be stronger together,” explained HHB founding shareholder, Jim Himmelwright.

The expansion of BMSS into the Auburn-Opelika area is in alignment with the firm's strategic growth plan. It's also familiar territory for founding member and managing partner, Don Murphy, who graduated from Auburn University in 1986 with a degree in accounting. “This merger is significant for all of us. We are excited to expand our reach into other parts of Alabama with the help of a new partner that shares our values and passion for making the client experience an exceptional one. I look forward to welcoming HHB's shareholders, employees and clients to the BMSS family,” said Murphy.

“They are all about being a “best place to work” firm and providing outstanding client service and now will be expanding their reach throughout the state,” Koltin added. “Himmelwright, Huguley & Boles (HH&B) was carefully selected reviewing the Auburn-Opelika market. They had a similar culture, wonderful talent and leadership, and a great reputation of delivering awesome service to their clients.

BMSS was founded by Keith Barfield, Don Murphy and John Shank in 1991 with the mission to be the local alternative to the national accounting firms, one that would provide a life-work balance for their employees without compromising high-quality, client experience. With the exception of a recent merger with a sole proprietor in 2014, the firm's growth during the last 25 years has been organic. Serving closely held businesses in various industries including construction, manufacturing, credit unions, not-for-profit and technology, BMSS provides the traditional accounting, auditing, and tax services as well as value-added services including payroll administration, wealth management and IT support.
