# Wolters Kluwer

On Tuesday, October 25, Wolters Kluwer Tax & Accounting previewed new mobile functionality for its award-winning CCH ProSystem *fx* Practice Management during the CCH Connections User Conference in Washington, D.C. CCH ProSystem *fx* Practice Management, part of the CCH ProSystem *fx* Suite, is for firms that prefer to keep their firm management on-premise, providing full-featured tools for time, billing, project management and reporting.

The CCH ProSystem *fx* Practice Management Mobile Time Entry app, which will be commercially available in 2017, is intuitive and simple to use, so firm staff can capture time and expenses easily from wherever they are. The convenience of mobile entry means hours will be captured more accurately and consistently, improving profitability as well as increasing the efficiency of the billing process.

“The CCH ProSystem *fx* Practice Management Mobile Time Entry app is part of a series of enhancements we’ve made to ProSystem *fx* Practice Management in the past year, all based on better meeting our clients’ needs,” said Heffy Provost, Executive Vice President and General Manager of Wolters Kluwer Tax & Accounting North America, Medium to Large Firm segment. “In addition to recent billing and

dashboard enhancements that were released last spring, the new mobile time entry
