Chicago-based BIK & Co., LLP is a CPA and advisory firm that provides a full range of audit, tax and advisory services to closely held businesses, organizations and individuals in the Chicagoland area and across the country. The firm has strong focuses in serving financial institutions, nonprofit organizations, schools and high-net-worth individuals, and provides a number of specialized services including fraud and forensics, employee benefit plan audits and estate and succession planning. Founded in 1968, BIK has three full-service offices in Chicagoland in Palatine, Vernon Hills and Burr Ridge, Illinois.

“Similar to Wipfli, BIK has established a history of success through building strong client relationships and helping our clients to overcome challenges that are constantly changing,” said Larry Schmitt, managing partner of BIK. “Through this combination with Wipfli, we will continue to provide our clients with the same exceptional service, but can also provide them with access to a larger network of experts and resources and deep industry experience to help them as they continue to evolve. This combination will also provide our employees with access to more extensive training and professional development opportunities.”

With 38 offices in the United States (including five offices in Chicagoland) and two offices in India, Wipfli ranks among the top 20 accounting and business consulting firms in the nation. For over 87 years, Wipfli has provided businesses and organizations in a number of industries with industry-focused assurance, accounting, tax and consulting services to help clients overcome their challenges today and plan for tomorrow. Since establishing their first Chicagoland office in 2011, a number of long-time, Chicago-based firms have joined Wipfli including The Condon Group, Ltd. (Tinley Park) in January 2014; Regulatory Compliance Associates (REGCOM) in January 2014; Steinberg Advisors, Ltd. (Northbrook) in January 2016; and Weltman Bernfield LLC (Buffalo Grove) in August 2016. Currently, Wipfli has
