“With your assistance, our students and school have an increased sense of pride about our garden and our school store and we cannot thank you enough for taking the time to support our school,” said Claudine Tantilillo, Principal of the Westlake School in Westfield New Jersey, a special needs school for students between the ages of 10 and 21 who are multiply disabled and/or autistic.

Altogether, Mazars’ volunteer corps brought smiles and joy to hundreds of people in need and the dedicated organizations serving them.

“We are very proud of how much our Days of Service program has grown in just three years,” said Victor Wahba, Chairman and Chief Executive Office of Mazars USA LLP. “While our teams are located all over the U.S., during these days of service we all become connected in supporting our local communities. It’s all part of a spirit of team building and collaboration, which is so integral to the values of Mazars USA.”
