## Canvas

[www.gocanvas.com](http://www.gocanvas.com)

Canvas is suitable for a variety of business types including construction, schools, restaurants, and general retailers. Canvas is available as both a desktop system and a mobile app and offers a long list of inventory tools and resources that are all accessible from a mobile device. During product installation, users can customize the app entry screen to ensure that the features and functionality they need is quickly available; essentially building their own app.

[From the 2017 review of Inventory Management systems.](#)

Canvas offers numerous apps that are suitable for a variety of industries, including inventory apps for tool and equipment, warehouses, restaurants, food service, and general retail businesses. Inventory apps available include a dispatch calendar,

perfect for tracking field jobs. The Inventory Collection app offers users an easy way

well as inventory.

Canvas works with a variety of mobile platforms, including iPhone, iPad, Android, Blackberry, PlayBook, Windows Mobile and Windows Desktop.

Canvas also offers a series of online reports that can be exported as a CSV file for further customization. The product offers integration with Salesforce, Box, Dropbox, Evernote and Google Drive, along with a mobile payment app option in conjunction with PayPal.

Suitable for businesses of all sizes, Canvas is available in three editions; Startup, which is suitable for 1 to 5 users and runs \$30.00 per user per month. The Business edition is \$40.00 per user per month, and has a 5-user minimum. Finally, the Professional edition is \$50.00 per user per month, with a 5-user minimum as well. Product support is included in Canvas pricing, and users can download any app for a free 30-day trial prior to purchasing.
