“We are very excited to be working with the leadership team at Sandwich Math and continue our focus on empowering small business entrepreneurs, especially in franchise markets,” says Levi Morehouse, founder and CEO at Ceterus. “Working with Sandwich Math CEO Nick Olson and his team, we can serve a larger number of QSRs and provide even more comprehensive data to our customers about the health of their industry, which helps to inform and guide their business decisions.”

“We're happy to join the Ceterus team and extend their automated accounting solution to our existing clients, as well as help us reach more franchisees who deserve better services and to maximize the return on their franchise investment,” says Olson.
