and organizations to develop and share information on accounting matters relevant to digital assets and distributed ledger technology, including blockchain.

Oct. 17, 2018

The [Accounting Blockchain Coalition \(ABC\)](#) has announced that [35 members](#) have joined since its launch in the spring of a multi-stakeholder group of industry leaders in accounting, education, technology, finance and law. The ABC is a non-profit, industry association that serves as a forum for businesses and organizations to develop and share information on accounting matters relevant to digital assets and distributed ledger technology, including blockchain.

“The ABC added 35 members from a variety of disciplines focused on creating a knowledge-sharing organization for the accounting, education, technology, finance and law sectors that will inform the industry on best practices in accounting and taxation as changes and resulting opportunities are created by the implementation of blockchain technology,” said David Deputy, president, ABC. “[Four working groups](#)

were established and will be publishing best practices content soon to be shared
