What peers, clients and friends say about Rebecca:

Superwoman doesn't go far enough. Rebecca handles every aspect of her working life with utter calmness, efficiency and grace. To her clients, she is totally reliable and completely irreplaceable, answering every need ——— expected or unexpected. To her staff, she is a patient teacher and a perfect role model. To her partners, she is ideal. Taking on much more than client responsibilities, she truly makes WithumSmith+Brown one of the best places to work in the State of New Jersey. Rebecca has single-handedly implemented the firm-wide mentoring program, co-chaired the Women's Leadership Development Group, and led the firm's recruiting efforts for many years. And through all of this hard work and dedication, Rebecca remains positive and enthusiastic.

What technology or business process does Rebecca see affecting the tax and accounting profession in the next five years?

“Migration to a fully paperless environment and paperless data sharing with clients will enable accountants to work more productively and efficiently.”
