## Microsoft Office 2007

New software, features, and enhancements from the previous versions and what you need to know.

## Scan products

Products that scan tax workpapers and related documents such as K-1s and W-2s, organizing them in the appropriate order that the 1040 appears. Some go as far as automatically populating the 1040. These products represent a revolution in document processing and workflow, simplifying a painful process and improving consistency.
