Nov. 06, 2007

Tech2Go is a fast-paced roundtable discussion with Executive Editor Gregory L. LaFollette, CPA.CITP, and regular columnists Brent Goodfellow, Dave McClure and Randy Johnston. These thought leaders tackle current technology issues impacting the tax and accounting profession. This month, the panel discusses "Scan and Organize" and "Scan and Populate" software, Windows Server 2008, Windows Home Server, Entertainment Devices, and the future of accounting technology. [Running time is 1:03:41]
