processes as a part of modern workflow, print is, of course, still occasionally necessary. So, let's try a couple of new terms when referring to the occasional paper functions that professionals still must deal with.

Instead of "Printing," the new term is "Exporting to Tactile Format."

Instead of "Scanning," how about "Importing from Tactile Format."

Yes, I'm kidding. But in the jargon-filled world of technology, sometimes it's good to have a little fun with that jargon.
