financial management gives you and your customers a way to raise the visibility of financial metrics and the effectiveness of financial management throughout your organization-all using familiar tools and existing skills. Microsoft Dynamics works like the familiar technologies your customers already have. With Microsoft Small Business Financials, you can process transactions efficiently, get a comprehensive view of information across your business; and manage the complete customer, vendor, and product life cycle-all in one application. Microsoft Dynamics GP (formerly Microsoft Business Solutions-Great Plains) is a comprehensive business-management solution built on the highly scalable and affordable platform of Microsoft technologies. It offers a cost-effective solution for managing and integrating finances, e-commerce, supply chain, manufacturing, project accounting, field service, customer relationships, and human resources. ©2006 Microsoft Corporation
