Tenrox Time and Billing includes: Time, expense and invoicing systems with configurable approval, notifications, time and expense views and multi-client invoicing.

Jun. 28, 2010

Without requiring a rip and replace strategy, **Tenrox Time and Billing Software** leverages Microsoft SQL Server, OLAP and Reporting Services infrastructure to facilitate the implementation of time and billing, employee time and expense reporting into your operations. The Tenrox time and billing software solution provides built-in project controls, data quality/consistency at point of entry, active compliance, real-time analytics and live integration capabilities. Key features of our timesheet for time and billing software include: Enterprise timesheet management, import of credit card transactions for expense reporting, flexible project cost accounting, time and billing, budgeting, graphical workflow for approval tracking, OLAP and standard reporting using Microsoft reporting services, role-based time and billing software dashboards, and export employee costs, project status, spending and work-in-progress to accounting and time billing payroll systems.

CPAPA is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors.
