Maptitude for Redistricting is the professional tool for political redistricting. It is used by a supermajority of the state legislatures, political parties, and public interest groups. Designed with the help of redistricting professionals, state legislatures, and political parties, Maptitude for Redistricting has the features redistricters want and is easy to learn and use.

Maptitude for Redistricting is now available as an ArcGIS extension. As a result, you have access to the redistricting functionality and ease-of-use of Maptitude for Redistricting while leveraging your in-house expertise in ArcGIS software and all of your existing Oracle, SQL Server, DB2, and other data through the ArcGIS DBMS support.
