Aug. 19, 2010

Livingston, N.J., August 19, 2010 – SWK Technologies, Inc., a Sage gold-certified developer and business partner for more than 20 years, has been selected for the 2010 Best of North Syracuse Award in the Computer Services category by the U.S. Commerce Association (USCA).

The USCA “Best of Local Business” Award Program recognizes outstanding local businesses throughout the country. Each year, the USCA identifies companies they believe have achieved exceptional marketing success in their local community and business category. These are local companies that enhance the positive image of small business through service to their customers and community.

Various sources of information were gathered and analyzed to choose the winners in each category. The 2010 USCA Award Program focuses on quality, not quantity. Winners are determined based on the information gathered both internally by the USCA and data provided by third parties.
