Newport News, Virginia – PenSoft, a leading developer of payroll software, announces the release of PenSoft TimeOnline as a part of their commitment to offer value add-ons to their customers.

PenSoft TimeOnline is a web-based application delivering a fast, easy, and customizable method of time & attendance. It is versatile to meet the needs of single companies and is particularly valuable where payroll is centrally processed including payroll processors, companies with multiple locations, and companies with traveling employees.

PenSoft strives to offer easy-to-use utilities to their customers, and PenSoft TimeOnline follows this model as an easy-to-use product requiring little training and quick implementation.

Used in conjunction with PenSoft Payroll, PenSoft TimeOnline drastically reduces time spent correcting human error due to data entry. It also offers the convenience to edit and view personnel time clock information from any computer with internet access 24/7. More info at www.pensoft.com.
