PrintBoss makes your documents smarter because it adds the intelligence to print, email, fax and digitally file your documents anywhere on your network. PrintBoss seamlessly integrates with your accounting software.

Most customers use PrintBoss to create checks on blank check paper. PrintBoss creates the check format and all the check information including the company information, bank account number, bank routing number and check number. You can save 80% of the cost of buying preprinted checks. Companies with multiple bank accounts can use the same paper for all of the checks that they print.

Unique information such as legends or email addresses are logically evaluated for printing copy specific details.

For check printing ten (10) Bank Accounts are included. Additional Bank Accounts can be purchased. Each Bank Account can have encrypted, secure signatures automatically printed based on dollar amounts or other conditions. Positive Pay files can automatically be created to individual Bank specifications. ACH Payment files can automatically be generated according to NACHA standards.

500 sheets of Wellspring Software standard check stock included with purchase.

CPA Practice Advisor is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors.
