WASHINGTON — The Internal Revenue Service (www.irs.gov) today unveiled IRS2Go, the first free smartphone application that lets taxpayers check on their status of their tax refund and obtain helpful tax information.

“This new smart phone app reflects our commitment to modernizing the agency and engaging taxpayers where they want when they want it,” said IRS Commissioner Doug Shulman. “As technology evolves and younger taxpayers get their information in new ways, we will keep innovating to make it easy for all taxpayers to access helpful information.”

The IRS2Go phone app gives people a convenient way of checking on their federal refund. It also gives people a quick way of obtaining easy-to-understand tax tips.

Apple users can download the free IRS2Go application by visiting the Apple App Store. Android users can visit the Android Marketplace to download the free IRS2Go app.

“This phone app is a first step for us,” Shulman said. “We will look for additional ways to expand and refine our use of smartphones and other new technologies to help meet the needs of taxpayers.”

The mobile app, among a handful in the federal government, offers a number of safe and secure ways to help taxpayers. Features of the first release of the IRS2Go app include:
