About TimeControl

TimeControl was originally released in 1994. It was immediately successful in the project management sector and today is recognized not only as a project management solution, but also as an enterprise timesheet solution in use by companies worldwide. TimeControl is designed to serve the needs of both Finance and Project Management simultaneously. It includes features such as flexible user structures to allow for multiple levels of timesheet authorization and an open data architecture, which makes the product ideally suited for integration with existing data systems in any organization. TimeControl

CPA Practice Advisor is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors.
