QuickBooks Ultimate Lesson Guide 2011 DVD Series

Business Owners and Accountants Benefit Through a Proven and Practical Hands-on Approach

Apr. 08, 2011

Atlanta, GA, April 7, 2011 – Poulos Accounting & Consulting, Inc., a full-service firm specializing in tax preparation, IRS audit representation, QuickBooks setup and training, and group-live QuickBooks and financial seminars, recently launched its QuickBooks Ultimate Lesson Guide 2011 DVD series designed to teach the fundamentals of QuickBooks to CPAs, accounting and tax professionals, business owners or those seeking employment.

The 16-lesson, five DVD series was written and taught by Andrew G. Poulos, EA, ABA, ATP, president of Poulos Accounting & Consulting, a QuickBooks Certified ProAdvisor who has taught small business owners and accountants across the country how to get the most out of QuickBooks.

“Anyone who wants to learn how to use many of the time-saving features of QuickBooks can certainly pick up a how-to book or learn as they go, but very few business owners and the accountants who serve them have the time or the patience to figure out the details for themselves,” says Poulos. “The DVD series is an entertaining way to boost your knowledge through a practical approach with real-world examples.”

QuickBooks is ideal for small businesses who want to automate their business records. With QuickBooks training, business owners can manage their finances and take a snapshot of business status at the touch of a button. It also is a good option for businesses to have an excellent company file with a proper chart of accounts in case they get under audit by the Internal Revenue Service.

“The IRS has started training its agents on QuickBooks in an effort to become more
