schedule payments from authorized institutions, and access their Bill.com accounts from a single dashboard on their smart phone or other web-based mobile device.

As with any mobile version, users will appreciate the convenience of working on the go with the same ease and efficiency as if in the office. It's important to note that as with most SaaS-based mobile versions, Bill.com Mobile does not offer all features found in the full product. However, the company will continue to build on to the current offering going forward. It will be exciting to see the evolution of this product!

Bill.com Mobile is included as part of the Business Bill Payment service at \$19.99/month and the Business Bill Payment and Online Invoicing service at \$24.99/month.

Bill.com is offered to the accounting profession exclusively through the Bill.com Accountant Program from CPA2Biz. Visit the Bill.com website for more information.
