after-the-fact payroll & employment tax compliance, as well as firms who prefer locally installed applications to web-based tools.

Strengths

- Good tool for year-end reporting & interim after-the-fact payroll & tax compliance.
- Electronic wage detail filing is supported for more than 25 states.
- Base price of \$75/year & a full package at \$405/yr including all modules (ATF payroll, tax tables, program updates & fileable payroll tax forms) is a great value.
- Imports from QuickBooks & Sage Peachtree and other systems using CSV & Excel files.

Possible Limitations

- Importing of timesheet data not supported.

SUMMARY & PRICING

1099-Etc is a good fit for businesses with small payroll loads or that only need to process year-end forms. The program is intuitive to use and requires very little upfront training. Pricing is done per module with the complete system available for around \$405. Pricing starts at \$75 for the base package, which includes all W-2 and 1099 reporting. Additional modules include printing on blank paper via laser printer, after-the-fact payroll, electronic filing and all payroll forms capabilities, each priced per module, starting at \$75. All pricing is annual and not monthly, quarterly or per use.
