This is certainly exciting news for graduates, but it doesn't mean there won't be any competition. Current students and recent graduates are attending job fairs and workshops in record numbers, dressed in business attire and resumes in hand. As job seekers aim to better position themselves as prospective new hires, they are encouraged to approach the jobs search as early and aggressively as possible.

With the new *CPA Practice Advisor Career Center*, users can take a career test, request a free salary report, search for jobs, and get tips on writing an effective cover letter and resume – all of which aid in making their job search a successful one.
