It's the gift-giving season, and I'm here to give some gadget options for those on your gift list (even yourself). This series will last through the holidays.

Let the **countdown** continue...

## Day 31: A Tablet for Everyone

Tablets are fun, easy for users of all ages, and you the ability to access full dynamic web, video, apps and email from anywhere.

Even better, now there's an affordable Android tablet. The **eMatic EXP8** runs on Android 4.0, and offers a full-size tablet experience with a 9.7 inch high resolution screen and fast processor and GPU.

The EXP is less than a half inch thick and is a great lightweight companion for those on the go.
