Taija Sparkman • Dec. 03, 2012

SmartVault recently released an updated version of its client portal to enhance the way users view and share files. SmartVault provides cloud-based management document solutions to accounting and business professionals.

New features of the client portal allow users to view and share files right from the portal without having to download any files. The biggest enhancement, “view in browser” functionality, lets professionals view documents in a browser of their choice without having to first download the file. This features is available for all

SmartVault plans and provided free of charge to all existing SmartVault users. The
