CCH, a Wolters Kluwer business, has released a free version of its *Fiscal Cliff Estimator* to allow everyone to view the possible impacts of the various tax plans currently being debated in Congress. CCH is a global provider of tax, accounting and audit information, software and services for tax, accounting and business professionals.

The Fiscal Cliff Estimator, previously only available to *IntelliConnect* users, compares a taxpayer's tax liability for 2012 against the pending tax packages, such as tax proposals from the White House and Congress and the possible extension or expiration of the Bush-era tax cuts. The *Estimator* is available via *IntelliConnect* and *CCH Mobile*, as well as CCH's website.

CPA Practice Advisor is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors.
