**SmartVault** recently announced its new integration with QuickBooks Online is now available in the **Intuit AppCenter**. SmartVault provides SaaS document storage and sharing solutions to accounting professionals and businesses.

The integration is designed to help businesses store and organize files in one location, increasing efficiencies in workflow. As the first integrated online document management solution for QuickBooks Online customers, SmartVault allows users to attach and view source documents directly from QuickBooks Online. In addition, users can view files instantly in a browser and access files from a mobile device. The integration also features a built-in electronic inbox.

SmartVault for QuickBooks Online is available now for business users, accountants and bookkeepers. All of the SmartVault DMX plans include integration with both QuickBooks Desktop and QuickBooks Online.
