Xero Touch

www.Xero.com

Xero is the first cloud accounting software to introduce daily automated bank feeds, transforming the time-consuming bank reconciliation process into something users can finish within seconds. And now, Xero is first to bring this innovative practice to mobile.

Available for both Apple iOS and Android devices, Xero Touch allows users to check their balances, reconcile bank transactions, manage invoices, add expenses and access customer contact information.

By putting smart, well-designed tools into the hands of business owners, Xero enhances the client-accountant relationship.
