security law

Feb. 04, 2014

Bloomberg BNA has added several new features to its Privacy & Data Security Law Resource Center, a resource for professionals working in the area of privacy law. The resource center offers a combination of primary sources, including analysis and news, and has been expanded to include new tools and search functionality and more content.

The center features guidance on key issues from leading experts via portfolios,

requirements in this growing area, including new tools and expanded content.”

“The data privacy regulatory environment is exploding with new laws and requirements, and the ability to keep one's organization compliant requires the breadth of information and the depth of knowledge that the Privacy & Data Security Law Resource Center offers,” said Amy E. Yates, global lead counsel for data security and data privacy/chief privacy officer, at [Avanade Inc.](#) “Its comprehensive and timely coverage helps the privacy professional to stay on top of his or her game.”
