1 HOUR FREE CPE CREDIT — Wednesday, May 14, 2014 – 2:00 PM ET – 11:00 AM PT

As an accounting professional, you do all that you can to help your clients create better processes and save time and money...shouldn't you do the same? Don't let another week go by continuing to operate your businesses with antiquated processes such as:

- Manually tracking and processing time cards for payroll,
- Spending hours chasing money owed to you and writing off debt,
- Losing valuable time trying to find the right document when **you** need it – or worrying about data security when sharing files with clients

All three of these activities are necessary and vital to your business, but why not implement a highly efficient, easy-to-implement solution for each?
